PROFESSIONAL SUMMARY

Aspiring person with a strong foundation in data analytics, machine learning, and programming. Experienced in applying machine learning algorithms and deploying models using Streamlit. Passionate about solving real-world problems and seeking opportunities in data science and analytics.

CORE COMPETENCIES

- Programming Languages: Python (Pandas, NumPy, Matplotlib, Scikit-learn, TensorFlow)
- Data Analysis & Visualization: MS Excel (Pivot Tables, Charts, Data Sorting), Power BI, Matplotlib, Seaborn, Plotly
- Machine Learning: Regression, Classification, Clustering, Supervised and Unsupervised Learning, NLP.
- Deep Learning: ANN, CNN, RNN, TensorFlow 2.x
- Database Management: MS SQL Server
- Tools & Technologies: GitHub, Streamlit, MS PowerPoint, Google Slides
- Statistics: Descriptive Statistics, Inferential Statistics

PROFESSIONAL EXPERIENCE

Data Scientist Intern

DATASPARK, Calicut | June 2023 - March 2024

- Conducted extensive data cleaning and preprocessing, improving data quality and model accuracy.
- Developed and deployed machine learning models using Python and Streamlit, resulting in actionable business insights.

Travel consultant

Trip.v1be | 2020 - 2022

- Managed client interactions, hotel bookings, ticket reservations and telecalling.

Data analyst intern

SCALEUP ,Hilite business park calicut | Nov 2024 - Mar 2025

- Developed daily report website and app, Had client interactions, Helped IT department in cleaning and preprocessing business data.

ACADEMIC PROJECTS

Ticket Cancellation Prediction

DATASPARK, Calicut | 2023

- Achieved a prediction accuracy of 96.29% using machine learning techniques.
- Enhanced deployment efficiency through the use of Streamlit, ensuring practical application of the model.

AssentTag Photo Sharing Media with Automatic Tagging Mechanism College Project | 2022

- Developed an automatic tagging mechanism using Python, aimed at enhancing privacy in social media platforms.

Inventory Database Project College Project | 2021

- Designed and implemented a database management system using Microsoft SQL Server for inventory tracking.

EDUCATION

Bachelor of Computer Application

Calicut University | 2018 - 2021

Higher Secondary Education:

Computer Science | 2016 - 2018

Secondary Education:

Kendriya Vidyalaya , Calicut | 2016

Certifications

Data Science Internship, DATASPARK Calicut

Machine Learning and Ethical Hacking

Nactet Certification in Data Science

Data Analyst Intership, Scaleup hilite business park
